

Volunteers Needed!

Looking for an opportunity to get involved in conservation?

Do you have a few hours to spare?

Would you like to spend them watching the seas and wildlife around the amazing cliffs of Flamborough and Bempton?

Then we need you!

Email heather.davison@eastriding.gov.uk for more information or go to www.flamboroughheadsac.org.uk to find out more about the Flamborough Head European Marine Site.

You will need access to a vehicle and be able to volunteer at least 1 day a week over the summer months. Knowledge of seabird identification would be desirable, though full training will be given.
